QUALITY FEATURES

Highest quality Rexene (1.8) mm approx & 300 grams matte which is all weather wearable and breathable.

High quality shock absorber sole PVC technology which keeps knee aligned and in position because a child in growing stage needs firm knee structure and it is highly durable and lightweight.

Our insole is high in quality with EVA Technology in it which keeps the bounce which plays big role as shock absorbers.

Its fitting is according to international standards which gives more comfort.

We use water proof materials.

Tennis & Trainer Shoes is one of our finest products which is also admired by Indian Army and police personals for their PT exercises and workout with 3 mm approx thickness which is really high quality.

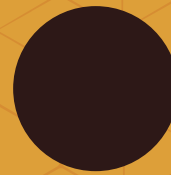

Our quality parameters are of high standards.
